

REF	DESIGNATION
14-26	BALPI Special maternity drinker. Enamelled cast iron, Stainless steel valve with patented water shut-off system.
14-83	BALPI LIGHT Same as Balpi - Synthetic bowl Brass valve.
14-81	BALP For early weaners and piglets up to 40 kg (88 lbs) - enamelled cast iron Stainless steel valve with patented water shut-off system
14-82	BALPEX Drinker for store pigs up to 100 kg (220 lbs) Compact design - enamelled cast iron Stainless steel valve with patented water shut-off system.
14-80	BALPOR Drinker for store pigs, sows and boars - enamelled cast iron. Stainless steel valve with patented shut-off system.
14-90	BALMIXT Mixed drinker for sows and piglets - enamelled cast iron Stainless steel valve with patented shut-off system
A-360	Mounting plate for maternity pens

Automatic water shut-off

European Patent E 0273784

The automatic shut-off system is activated by unscrewing the lower part of the valve: a small free valve (a) shuts off the water supply.

This feature enables the adjustment of a single bowl without having to shut off the main water supply.

Automatic shut-off also

available with ball valve on **the Porcinox bowl drinker.**

OUR ADVICE

Beginning of water supply (mandatory filter) + pressure reducer (1 to 3 kg of pressure recommended).

For farmers who only want adjustment from below the valve, each bowl comes with a perforated filter.

DEXEL STANDARDS:

1 l/min (1/4 USG/min) flow rate after weaning or for store pigs.
Recommended flow rate for sows: 3 l/min (4/5 USG/min)

FOR THE MOUNTING

Maternity boxes :
3 connection possibilities

Liquid feed trough or dry feed trough with Poustube + Balmixt or B19	Dry feed trough with Poustube + B8 or Balpi	Dry feed trough with Directo 90 + A-804 (20° mounting bracket) + B8 or Balpi

BALPI

Ref. : 14-26

Stainless steel valve.
1/2" (15x21) male fitting.
Patented shut-off system.

Special maternity drinker.

Per box of 6.

BALP

Ref. : 14-81

Stainless steel valve.
1/2" (15x21) male fitting.
Patented shut-off system.

Drinker for early weaners.

Per box of 2.

BALPEX

Ref. : 14-82

Stainless steel valve.
1/2" (15x21) male fitting.
Patented shut-off system.

Drinker.

Per box of 2.

BALPOR

Ref. : 14-80

Stainless steel valve.
1/2" (15x21) male fitting.
Patented shut-off system.

Drinker for store pigs, sows and boars.

Per box of 2.

BALMIXT

Ref. : 14-90

Stainless steel valve.
1/2" (15x21) male fitting.
Patented shut-off system.

Mixed drinker for sows and piglets.

Per box of 2.
