

PHILLIPS ANIMAL HEALTH 2000 AD LIB RANGE ULTRA HEAVY DUTY FEEDERS

**WHAT OUR
CUSTOMERS
SAY**

*'They stay cleaner
than other feeders
and the pigs can't
chew them'*

*'They might not be
the cheapest, but
they are better
value because they
last so well'*

**'They're very strong — we've been
using them for five years and the
first one is as good as the last'**
